Mrs. Ulin spoke to the citizens and informed them that the Council did hear their concerns and appreciated their statements. She informed them the Council was pursuing the issues and trying to put into place the best plan going forward for these issues. Sue Fite commented that she was having issues with parking on Caylor Street. She commented that neighbors continually park so close to their double driveway that it makes it very difficult to pull in and out of it. Mayor Bissell stated that calling the Sheriff for those issues would be the best way to get results. Citizens commented that vehicles at that same address do not have plates. Mrs. Thrasher stated that the City does have an ordinance against cars without current plates and asked if City Maintenance could get photos of said cars so nuisance letters can be sent.

MAYOR/COUNCIL COMMENTS- Mayor Bissell informed the Council that the Post Office had addressed an issue with some painting needing done and City Maintenance has taken care of it. While doing so it was discovered that the chimney pipe had an issue and has since been fixed. He also stated that concerning car issues the City Clerk is preparing nuisance letters to be sent to the homeowners. Ms. Deshler stated she would like to look into complaint forms to be done on line.
